## *Send In Your Subscription Now . . .*

For two years your editors, Swede Soderberg and Jim White, have published *Balance & Swing* and distributed it FREE to all Square Dancers in Texas and 46 other states and five foreign countries. We feel, and hope you feel that we have rendered dancers everywhere a real service with the magazine. We wish to continue doing so, but now we need YOUR help. Hope you will give it to us.

The issuance of a magazine is quite an expense, and with the cost continuously mounting, we are now forced to enter the subscription field. This was decided upon after all other means were exhausted.

We will continue to publish the magazine with the many features now embodied, plus any improvement in the size, features, etc. Some of our plans include the use of a cover, and perhaps cartoons and the like. This will depend upon the demand placed upon YOUR willingness to continue wanting *Balance & Swing*. Each subscriber will have his or her copy mailed directly to the address given; no magazines will be given away free after this issue. The price will be \$1.50 per year (10 months). So subscribe immediately and get the news that will keep you up to date with the latest happenings in the Square Dance World — and the Latest Dances!

Just fill in the order blank below and mail it to us with check, money order or cash (no stamps, please) and get your copy starting in March. Or give it to Swede Soderberg or Jim White at any of the dances where you will see them. But Do It Now! DON'T DELAY!

**LITTLE THINGS****THAT ADD UP  
'Quirks'**

The primary purpose in our square dancing is to have fun, but do not use this word FUN too freely as a certain amount of know-how goes with the square dance. It is not all horseplay nor do the many "quirks" add to one's enjoyment of the dance even though you think it is rather clever.

What do we mean by "quirks"? Webster defines it as "an individual peculiarity," but the little saying coined a few years ago fits it any way you may want to look at it. It is simply "don't be the

jerk on the Left Allemande." These "quirks" you see on the dance floor are there because you have put them there. As a beginner you were taught the proper ways to execute the various movements but now you have added the "quirks" you have found on the dance floor.

In many areas standardization has been tried but that it not the answer unless you, as a square dancer, are interested enough. Dance the style common in your hometown, but remember it is not a style if you have let your dance become overgrown with the many "quirks" that are cropping up in the square dance world. This can be corrected, but it is up to you.

The Fifth Traditional Governor's Inaugural Square Dance Ball, held Jan. 18 proved to be an outstanding event with about 50 squares participating. At this writing, **Swede Soderberg**, Co-Editor of Balance & Swing is under the weather and is spending a few days in the hospital. **Swede** and **Gerry Hull**, one of our square dance friends, also in the hospital, help to pass the time for each other by visiting and playing canasta.

The Permian Basin's fifth annual association dance was held in Crane, Texas, Jan. 29, and was dedicated to the late president of the association, **D. L. Zimmerman**. ## Callers' Column

### "Hell Amongst the Yearlings"

(CALLERS, THAT IS!)

BY LEW TORRANCE

Port Arthur, Texas

We ought to preface this little dissertation by saying that it shouldn't be a "caller's column"—because we feel we fit more into the category of "dancer" than caller. True we do call dances, we call on festivals, we call for our own club as a "club caller."

But our primary interest is dancing, and from the dancer's point of view, we'd like to briefly discuss what we think is a laughable state of affairs among the callers.

Every caller who has a following of dancers must be "right." Whatever he calls, however he calls it, he must be doing it to

the satisfaction of some—or he wouldn't be getting paid.

Of course the "club caller" can get away with murder—with a sloppy call, mumbled through his beard, out of tempo, poorly timed and nobody will say much about it—for fortunately another caller will be up next, and maybe he'll do better.

But some of the friction we've personally seen between the so-called "pro" callers is something to behold.

We've seen them refuse to speak to one another; we've seen them cuss and fume at the mere mention of another's name; and yet all are professedly interested in a common activity, working towards a common goal—the further popularization of our hobby.

But working together, that is another story.

"Square dancin' is not big enough for him and me," you'll hear them say.

We've seen two "nationally known" callers pass within spitting distance and both look the other way. We've heard them brag about

their own perfection—and espouse the other caller's faults.

Well — to our mind — square dancin' is big enough for everybody. We believe that if the feudin' and fightin' would cease, we might have some luck introducing square dancin' to the many, many millions who are not yet aware of its joys, its values and its opportunities.

When the leaders (and surely the callers are the leaders) fall out, the flock will split asunder; and just as surely as we're sittin' here—when leaders and callers get along, the dancers follow suit.

Let's make this new year known for one thing, if for nothing else: For unity of purpose—spreading the good word, teaching more people to square dance, having bigger and better dances.

If leaders and callers would spend more time getting along with each other, and less time composing new dances — square dancin' would be away ahead.

Thanks for the space — we've already oversaid our piece. Happy dancin', and happy New Year.

## A Working Success

(This is the fourth in a special series of articles presented showing how various groups are working with the problem of teaching as well as keeping their present square dancers. If you have any ideas or suggestions along this line send them to Balance & Swing.

### The Dallas Square Dance Committee

An idea that was new and different in many respects took shape as the Dallas Square Dance Committee was formed. This group is more of a publicity group working with the idea that keeping square dancing before the public will create a certain amount of interest. The ideas used in the means of advertising are not new, but the concerted efforts of this committee makes the difference.

The committee functions around a steering committee composed of square dancers. This steering committee as well as the whole of the Dallas Square Dance Committee is composed strictly of square dancers—no callers. There is no membership to this group, but along this line it is more like a political party—if you believe in the effort and will work with it you are welcome. The only reward to anyone is that you help interest someone in square dancing.

No moves are made or any action taken without the steering committee checking the merits of a program, figuring the pros and cons; it must be good for square dancing.

All newspaper advertising is paid for by the square dancers and benefit dances used to raise all necessary money. While hundreds of avenues for publicity can be used, the reporting of events as news items is always good and cost you nothing. The committee uses the opportunity presented by all festivals and jamborees to meet the spectators by using a booth. A booklet answering most questions are passed out to those interested, while those who answer the weekly ads are mailed this literature.

A monthly report of those interested in learning to square dance is mailed to all callers and groups teaching square dancing. This group uses the following motto,

This committee is not yet a year old but efforts put forth are proving fruitful.

## We Don't Believe It!

It is said about Jim White (who always was a big eater) when he

was a little (?) boy and brought four big apples to school for his lunch, and later explained to a girl:

"When you've got a Cadillac body, you've got to furnish it fuel." "Since when," said she, "did they start making dump trucks with Cadillac engines?"

# FOR YOUR SQUARE DANCE ENJOYMENT

## Sandman

Original singing call by Andy Andrus, Port Arthur, Texas

(Music: Mister Sandman)

### OPENER, TRIM, CLOSER:

Bow to your partner — and give her a swing.  
Sashay your corner girl and form a big ring.  
The girls back track around that town.  
Your partner left hand round.  
The ladies star with your right hand,  
Turn that opposite man.  
Sashay corners, see-saw your own.  
Gents chain across and swing your gal,  
She's waiting there alone.  
You promenade that girl around the ring.  
Mister Sandman give her a swing.

### FIGURE:

Four ladies star now, just once around and then,  
Corners all with your left hand, a left allemande.  
Your partner right, a right and left grand,  
Just half around you go.  
Here comes the girl you dream about,  
So swing the gal you know.  
Mister Sandman — the four ladies chain.  
You turn 'em left around and chain 'em back again.  
You promenade your corner around the ring.  
Mister Sandman I found me a dream.

(Use this as first two lines of trim and closer.)

Sashay your corner, see-saw your own.  
Join hands and form a ring, and on your way you roam.

CALL: opener, figure (twice), trim, figure (twice) closer.

## Question Square

By Robby Robertson, Mercer Island, Wash.)

First and third do a right and left thru  
Turn 'em around like you always do  
Now the first and third gonna cross trail thru  
Split the ring and around just one  
Stand four in line gonna have a little fun  
Now forward eight and back with you  
Forward again with a right and left thru  
Do a right and left back on the same old track  
Now you turn right into a Texas Star  
And you walk right along but not too far

(From the right and left thru the gent puts his left hand in the center, keeping right arm around the lady's waist.)

Gents back out with a full turn around  
Circle up eight as you come around  
Into the center and back you go  
Now break that ring with a Do-Si-Do (Do-Pas-O)  
Partner by the left, corner by the right  
Partner by the left, go all the way around  
Like a left Allemande  
To the right hand lady, right and left grand

(Original partner)

## Wrong Way Wheel

by Virgil Faulconer, Seattle

Swing your honey and away you go  
It's the right hand girl you're gonna do-sa-do  
Now pass your pard, and on you go  
To the corner girl for a do-pas-so  
Partner left, all the way round  
Corner by the right when you come down (new corner)  
Partner by the left, not too far  
Boys step into an allemande thar  
Back up boys in a right hand star  
Shoot that star, go all the way round  
Chain those girls across that town  
Turn 'em boys, go twice around with your pretty little maid  
Pat 'em in the middle in a star promenade  
Walk right along with your pretty little babe (right hand star)  
Boys turn back for a left allemande (right face turn)  
Partner by the right for a wrong way grand  
Wrong way round to a wrong way deal  
Partner by the right for a wrong way wheel  
Go all the way round and give 'em a spin

Meet partner with right hand, walk all the way around her until gent is on the outside facing CW girls inside facing CCW. Gents give girls a once and a half right face spin. This leaves girls facing CW with partners.)

Now the girl roll back for a left allemande  
Partner by the right for a right and left grand

## A Round With Rounds

By ROGER KNAPP

### Swinging Along

This month's dance has a catchy tune and simple steps which make a winning combo any time you put them together. Rapidly becoming a top dance, here we go—

Originated by Jack Sankey.

**POSITION:** Open dance facing LOD.

**MUSIC:** DOWNHILL DRAG—Victor 20-51704.

**START:** Outside feet. Directions for gent-lady counterpart.

**FIGURE:** Part A.

1-4: STEP, SWING, STEP, CLOSE; STEP, SWING, STEP, CLOSE; AND REPEAT.

Starting on outside foot, step forward on L and swing R in LOD, step on R and close L to R; step R, swing L, step L close. Repeat these instructions three more times starting R then start L and then R again.

5-8: STEP POINT FORWARD; POINT BACK AND PIVOT; STEP POINT FORWARD POINT BACK AND FACE;

Step forward on the L, point the R foot forward LOD; with the weight still on the L, point the R backward while still facing LOD; Pivot with weight on L (R face) to face RLOD and change hands (gent's L and her

R); Step forward RLOD on R, point L forward; with weight still on R point the L backward; pivot L face on R foot to face partner ending in closed dance position with gent's back toward the center.

9-12: TWO-STEP; TWO-STEP; TWO-STEP;

In closed dance position four two-steps starting Gen's L turning CW and moving CCW. End open position facing LOD. Repeat Part A measures 1-12 ending in banjo position; hips adjacent.

**PART B:**

1-4 TWO-STEP FORWARD; TWO-STEP PIVOT; TWO-STEP FORWARD; TWO-STEP PIVOT;

In banjo position with gent facing LOD, the gent starting L does two two-steps LOD, pivoting on the 3rd step of the second two-step (R foot) to face RLOD, this puts partners in left hip adjacent position (so called side car position). Do not drop hands. Now 2 two-steps RLOD again pivoting on the 3rd step of the second two-step to face partner in closed dance position.

5-8 TWO-STEP; TWO-STEP; TWO-STEP;

Four closed two-steps turning CW and progressing LOD, ending in banjo position again.

Repeat Part B measures 1-8 ending in open position facing LOD ready to start sequence again. Dance full sequence through twice then tag:

1-4 POINT, CLAP, CLAP, CLAP, CLAP; TURN, TWO; THREE, BOW; CHUG;

Drop hands, point L foot forward (ct. 1) clap hands 4 times (ct. 1-2), make a three-step turn away from partner in LOD, bow to partner while facing, join both hands and chug by moving hips backward with weight on both feet. Let the feet slide along the floor slightly.

Next month watch for Waltzing Together. It really is a tip-top dance for the Round Dancer who likes flowing music to which the steps of the dance flow. See you in Oklahoma City April 21-23.

## Report From Central TSDA District

Presidents of the Austin Square and Round Dance clubs met on the 30th day of December at the Austin Athletic Club for the purpose of organizing the Central Texas District of the Texas Square Dance Association.

Since two clubs are necessary for the organization of a district, the San Marcos Sashayers and Swing and Turn Square Dance Club of the University of Texas have agreed to take the first step in organizing the Central Texas District of the T.S.D.A. Other leaders of the proposed district are interested and willing to promote the T.S.D.A. by joining the district which has now been established after discussing the issue further with their respective clubs.

From the Central Texas District of the T.S.D.A. one exhibition square dance team and two callers were voted upon and selected to be considered for the program concerning the Governor's Inaugural Square Dance Ball. The following were voted upon:

Callers: George Lowrey, Austin, Texas; R. L. "Skeet" Parks, Austin, Texas.

## 'A New Petticoat'

The designer, who fashioned the can-can petticoat must have had square dancing on his mind. Taws all over the country are taking advantage of the situation and certainly nothing can be prettier than a full, colorful petticoat to compliment your new skirt.

Speaking of colors, here's a tricky, moneysaving idea for you to try. Take a plain half-slip, preferably cotton; to this sew a piece of snap-on tape about eight or ten inches from the bottom depending on how deep you wish the

ruffles to be. Take the matching strip of the tape and gather as many colors and yards of material on to it as you desire. Nylon net seems to be the choice of material for ruffles. When making two or more ruffles of the same color you will find by cutting the width of two and folding one over the other it is much easier to work with. As an added attraction you may try binding each ruffle with bias tape or ribbon.

Money saving? Yes, for a very small cost you can have a petticoat for each skirt.

## South Texas News

BY ACE WHITE  
KINGSVILLE, TEXAS

The holidays are over and dancers are turning their attention to square dancing which is on the upsurge in this section of the state at the present time. Many new classes have started and we can look for an influx of new dancers in the next few months.

The South Texas Ass'n. is preparing for it's first of four dances this year to be held in Corpus at Ray High School Cafeteria, Saturday, Jan. 29. It will be a membership dance and outstanding local and area callers will make up the program. Tommy Thomas' band will furnish the music. Elbert Rankin is the newly elected President of the Association.

Square dancers in this section can avail themselves of a dance any night of the week, excepting Sunday, and on several nights will have several from which to choose. Premont, Alice, Kingsville, Goliad, Victoria, Port Aransas, Gregory all have active clubs and with Corpus having about a dozen, there is an abundance of this type of entertainment.

One of the more popular events is the Cantwell Mattress Co.'s

square dance TV show from KVDO Corpus Christi. This is a live 30-minute show featuring two outstanding callers from Corpus and Kingsville each Saturday night and exhibition squares and dancers. A recent poll taken by the station revealed that this was tops in popularity and is gaining in favor each week. It has given square dancing a big boost and many new dancers have come into the fold by watching the program.

## It's Houston In April!

Further information regarding the combined First Texas Square Dancers Convention and Houston's Seventh Annual Spring Festival to be held in Houston April 1st and 2nd, 1955:

The Texas Square Dancers Association is still in a formative stage. Operating under temporary by-laws, the present officers are Lee Bedford of Dallas, President; Dr. C. H. Brownlee of Austin and Manning Smith of College Station, Vice-Presidents; and Martha Bybee of Bonham, Secretary-Treasurer. Looking toward the eventual enrollment of all Texas square dancers, it has been decided to divide the State into districts, revamp the present by-laws and pro-

ceed with complete reorganization at the Convention on April 1st and 2nd, 1955. Letters have been sent to square dance leaders throughout the State requesting them to form district associations in their areas of influence. This is now being done and reports from every area indicate a favorable and enthusiastic response.

The Convention will be held in conjunction with Houston's Seventh Annual Spring Festival. This will combine the business meetings of the Convention with all of the dancing, workshops, exhibitions, etc., to be found at a great Festival.

As usual, "It's Houston in April."

## 'It's In the Bag'

A report from the Fulton Bag & Cotton Mills of Atlanta, Ga., informs us of a new series in designs introduced this month especially for square dance clothes and destined to cut a colorful figure through the new year.

Somebody not long ago dubbed Fulton "the Christian Dior of the bag industry"—a good title. As the farmer, rancher or the poultryman goes to town he will find that the wife and daughter will be going too, as they will be planning to look over the handsome new collection of feed bags with fashion-wise eyes and dreams of what pretty frocks and accessories will emerge from the bags.

As for the new design—little squares of dancing figures or rows of flowers in border prints against backgrounds of checks, polka-dots and calico motifs—were developed exclusively for Fulton in New York where the fashion designs were also worked out and incorporated in Simplicity Patterns.

The Simplicity Patterns include such designs as a peasant blouse and a whirling broom-stick skirt of gathered tiers, as well as a Western-type man's shirt with shaped shoulder yoke.

The printing in colors of beautiful clarity are executed in the Atlanta mills, and the finished fabric is then sent to their various plants to be sewn into bags. Now when washed the filler comes out but the colors holds fast in its delicate tones or brilliant hues. So you see it is in the bag.

## Hollis Johnson To Hold Refresher Course at Cavalero

A refresher-dance square dance class will start Tuesday night, March 1 at the Cavalero Lodge with the well-known caller Hollis Johnson as instructor.

This class will be open to all dancers in the Dallas area who are in need of brushing up on their dancing, due to long layoff, and also for those who lately finished their beginner's course and feel they still are in need of more instruction.

Advance square dance classes have always proved popular in Dallas, and these should prove no exception.

Those interested should contact Hollis Johnson, YU-9696, or Frank Dutton, FA-6794 or DA7-4655 as soon as possible.

## Frank Dutton New Head of Cavalero Lodge

Mr. and Mrs. Frank Dutton, well-known Dallas square dance couple, are the new managers of Cavalero Lodge, 11426 Garland Rd., one of the most popular places in Dallas for square dancing. They took over from the W. E. Godwins on Feb. 1.

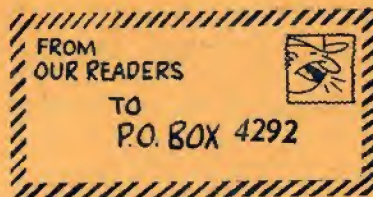

Mr. Dutton has also started a catering service at Cavalero and will serve for square dance clubs and for private parties, both at Cavalero Lodge and elsewhere.

We wish Mr. and Mrs. Dutton lots of success in their new position.

### SKIT SKAT

(Dallas)

The January dances of the Skit

Skat Square Dance Club, held at Cavalero Lodge on the 1st and 15th, were a lot of fun indeed:

A nice crowd participated and we were most happy to have so many couples from neighboring

towns attend. We hope they will come back and visit often.

Our regular dance of February 5th is being called off due to the special polio dance being held on that date at the Women's Building, Fair Park. A special collection for this polio fund drive was asked at our regular dance of January 15th, and all in attendance were most generous. We wish to publicly take this opportunity to thank each and everyone for their generous support for so worthy a cause.

Our next regular dance will be February 19th, with Jimmy McManus doing the calling and the Red Tops furnishing the music.
